

VALOR™ VSI CRUSHER

V250 / V400 / V600 / V800

- Proudly made in America at Superior's new Pekin, Illinois plant.
- Stronger, safer and more convenient design incorporates the voice of customers.
- Backed by a service and support team committed to exceeding customer expectations.
- Substantial inventory of parts for immediate, lightning fast deliveries.

VALOR VSI KEY ADVANTAGES

HYDRAULIC LID LIFTER

- Safe and easy access to crushing chamber
- Automatic and manual safety interlocks
- Simple hydraulic controls
- Manual worm gear driven lid swing mechanism

PEDESTAL / BEARING CARTRIDGE

- Greaseless and maintenance free upper seal
- High capacity upper and lower cylindrical roller bearing
- Dedicated thrust bearing

RIGHT ANGLE PINION GEAR BOX

- Cartridge style for easy removal and maintenance
- Simplifies drive motor arrangement (deck mount)
- Safe and simple access to drive components

BYPASS FEED (ROTOR CONFIGURATIONS ONLY)

- Decreases HP usage while increasing crusher throughput
- Capable of bypassing up to 50% feed directly into crushing chamber

INSPECTION DOOR

- Provides inspection access to crushing chamber
- Provides quick and safe access to the crushing chamber and reduces downtime

SPIRAL BEVEL GEARS

- Spiral tooth gearing engages more gradually giving an efficient transfer of horsepower.
- Proven to perform at higher speeds with less noise and vibration.

CRUSHING CHAMBER CONFIGURATIONS

ROCK ON ROCK

- Enclosed rotor and rock shelf
- Feed sizes to 2"
- High abrasion materials

ROCK ON ANVIL (HYBRID ROCKBOX)

- Enclosed rotor and anvils
- Feed sizes to 3"
- Medium to high abrasion materials

SHOE AND ANVIL*

- Open shoe table and anvil
- Feed sizes to up 8"
- Low to medium abrasion materials

* Requires different lid assembly

ROTOR DESIGNS

SYMMETRY ROTOR

- Rotor is completely symmetrical in design
- Allows for operation in both rotation directions
- Simple electrical controls

4/6 PORT ROTOR

- Designed with the fewest parts possible
- Parts interchange between top and bottom
- No hardfacing required

OPEN SHOE TABLE

- 4, 5, and 6 shoes available
- 28% chrome and ceramic available
- Designed for easy maintenance

ROCK BOX

HYBRID ROCK BOX

ANVIL RING

FEATURES

*No bypass feed

SPECIFICATIONS

WORLD-CLASS SERVICE AND SUPPORT

- Strive for a 2 hour response time from service agents.
- US-based support staff limits wait time for North American customers.
- Commitment to getting crusher operating as expected.
- Investment in smart, hard-working and industry experienced service team.
- Direct line to technical support group, 24-hours a day at **+1 (320) 589-7485**.

QUICK DELIVERED PARTS

- Large inventory increases parts availability and reduces wait time.
- Centrally-located warehouse for quick deliveries in North America.
- Critical third party parts are inspected for integrity.
- High quality factory parts are backed by fitup assurance.
- 1-Year Parts Warranty:
 - ↳ Covers new parts against defects in material or workmanship.
 - ↳ Excludes normal wear and tear.

WARRANTY

- We offer the industry's only 2-year product and 1-year parts' warranties, confirming our commitment to you.
