

**LIPPMANN®**

# CRUSHERS

Lippmann offers robust and reliable mobile crushers for the materials processing industry. The high performance range of jaw and impact crushers combine productivity with outstanding durability to achieve the most efficient levels of product reduction across primary, secondary and tertiary crushing applications.

**LJ-2950**

## **JAW CRUSHERS ▶ LJ-2950 | LJ-2745 | LJ-2440 | LJ-2035**

Lippmann has a proven reputation for designing quality, best-in-class crushing equipment, and the LJ -2950 is another example of innovation and design meeting in one machine.

## **IMPACT CRUSHERS ▶ LI-4654 | LI-4654R | LI-4244 | LI-3532**

The LI impactors bring high quality and high production capacity to any mobile impactor applications. The crushers feature direct drive, an enhanced material flow path, large pre-screen, and an open chassis. Efficiency is boosted in the material flow path, with each sectional component wider than the last to allow an unrestricted flow without funneling or narrowing, eliminating material bridging.
